IMPROVED TOURIST FACILITIES URGED

Tourist-dependent Highlands businesses must ensure that the visiting tourist gets the very best of vacation ingredients if they are to succeed in today's fierce competition for the tourist dollar.

Guest speaker Willis McNelly of Minden, former vice president of Commonwealth Holiday Inn, told some 30 business men and women last week that Haliburton is 'just one little island in this massive, competitive industry'. He called on them to clean up the area's scenic eyesores, to upgrade accommodations, and food, to provide more and better activities and, especially, to upgrade the appearance and attitude of persons dealing with visiting tourists.

Occasion was a small business seminar sponsored by the Haliburton Highlands Chamber of Commerce and held in Haliburton's Canadian Legion Hall.

'A tourist leaves after his vacation and he takes with him just one thing - memories', said Mr. McNelly. 'Let's make sure he goes away with good memories.' 'Your aim is to increase the total tourist dollar coming', explained Mr. McNelly who pointed out that by working together cooperatively each Highlands business will get its fair share of this increase.

The day-long program also featured a special Bell Canada presentation on telephone handling and manners by Miss Cathy Scallie. Luncheon guest speaker was Ontario Chamber of Commerce vice president E. L. Morris, Assistant to the Vice President, Finance, Ford of Canada.

More fires

Six charges are pending under the Forest Fire Prevention Act following the destruction of some 81 acres of forest in the past week. The Ministry of Natural Resources, Minden, told the Progress that six of last week's seven fires resulted from carelessness on the part of residents and recreationalists. Only one was caused by lightning. In Glenora Township alone 50 acres were destroyed while another fire in Galway rased some 30 acres. A Ministry spokesman commented that during the entire season last year there were only 27 fires, but that there has been a total of 34 fires already this year.

YOUNG FORESTERS

THESE HAPPY YOUNGSTERS ARE JUST 12 OUT OF SCORES OF CUBS AND SCOUTS WHO TURNED OUT LAST SATURDAY TO BEAUTIFY THE MINDEN COMMUNITY CENTRE GROUNDS BY PLANTING SOME 4,000 TREES. DURING THE PAST MONTH THE BOYS RAISED FUNDS FOR THE TREES BY CANVASSING MINDEN RESIDENTS AND BUSINESSES FOR PLEDGES. FOR MORE PHOTOS SEE PAGE 12.

UFOs still about

The UFO conscious Haliburton Highlands reported still more strange sightings of phenomena last week as Europe's Operation Skywatch got under way with two weeks of intensive sky-watching for UFO's by more than 11,000 persons in 34 European countries.

Most recent local report is that of a seven-year Lochlin resident, Mrs. Wallace Brown, who looked out her picture window about 9:30 p.m. two weeks ago to see a strange UFO. She said that while it looked like a star with bluish, green and yellow lights, it moved about the sky erratically, travelling in the general direction of Minden and was out of sight by 11 p.m.

'It seemed to be twirling', recalled Mrs. Brown. 'I've never seen anything quite like it before.'

The object was also observed about the same time by Mr. and Mrs. Holly Karushan of Minden.

According to Mrs. Brown, neither her TV set nor those of her neighbours would function while the object was in the area.

Reports of a UFO sighting by a Haliburton County school teacher while visiting Mr. and Mrs. Ashley Loughlin at Bushy Lake last

March were confirmed last week.

The teacher, who asked that her name be withheld, said it was about 8 p.m. when she saw the first object, a red light that moved straight up and down repeatedly. 'It was unlike any other light I've ever seen', the teacher told the Progress. 'It wasn't like a skidoo light, an airplane light or anything else. Shortly thereafter she saw green and white lights further south plus a group of two or three red and green lights.'

'They had a faint glow with rays of light around them and were stationary, then moving,' she recalled. The teacher said she had gone to visit the Lushams and not expecting to see UFO's as 'I thought it was all a lot of bunk'. When the UFO's appeared 'I closed my eyes, telling myself I was seeing things; but when I looked again they were still there.'

Music winner

A nine-year-old Fenton Falls pianist, Jennifer Lakharche has won the Peterborough Kiwanis Music Festival's open class Grade 3

\$50 REWARD W.I.

Lost dog annual meeting

An Agincourt mother and father and their three young children wait daily for a telephone call they hope desperately will tell them that their much-loved pet dog Pepper has been found.

A month ago, while Mr. and Mrs. Lucas were visiting the Pawsons of Pawson Marina near Carnarvon, Pepper disappeared into the bush. A mixture of Irish setter and Newfoundland, Pepper looks like a heavyset, oversized Irish setter, but all-black in color.

'We've had Pepper for just under a year', said a tearful Mrs. Lucas who admitted her family was almost unrecognizable in its loss of their first and only pet.

Anyone finding Pepper is asked to contact either Pawson Marina or the Progress. There's a \$50 reward.

Back Competition. The competition took place April 23. Jennifer has been under the instruction of Bobcaygeon music teacher Mrs. Irene Coulter for the past three years.

The Minden Women's Institute held their Annual Meeting at the Orange Hall on April 17th at 2 p.m. The President Mrs. M. Sears opened the meeting, then welcomed the President of the district of Victoria East, Mrs. A. Griffin, also other visitors. The Roll Call was answered by 25 members paying their 1974 dues. Mrs. Harry Welch gave a very interesting report of District Executive meeting which she and Mrs. Lyman Cox attended. The report of Mrs. D. Prentice showed that 235 cards had been sent to sick and bereaved last year. Remember to phone Mrs. Prentice if you know of anyone who might like a card. She is always willing to send a card but the only way she has of knowing who is ill is through YOU.

The President, Mrs. Sears gave a very interesting year-end report then declared all offices vacant and asked Mrs. Griffin to take the chair for the election. Mrs. W. Moore was asked to act as Secretary pro temp. Officers elected are as follows:

Pres. - Mrs. M. Sears
1st V.P. - Mrs. Lyman Cox
2nd V.P. - Mrs. Allan Taylor
Sec. - Mrs. W. Moore
Treas. - Mrs. A.S. Kernohan
Branch Directors - Mrs. Grant Hewitt, Mrs. Wallace Walker, Mrs. Robt. Hughes, Mrs. Arnold Coulter
Dist. Director - Mrs. P. Clarke
Alternate Director - Mrs. V. Cowan
Convenors of Standing Committees
Agriculture & Canadian Industry - Mrs. A. Windsor
Citizenship & World Affairs - Mrs. C. Laxier
Education & Cultural Activities - Mrs. P. Robinson
Family & Consumer Affairs - Mrs. A. Todd
P.R.O. - Mrs. W. Moore
Resolutions - Mrs. H. Welch
Pianist - Mrs. P. Clarke
Caretaker - Mrs. W. Walker
Current Events - Mrs. R.J. Walker
Historical Paper - Mrs. J. Fairfield
Visiting Committee - Mrs. D. Prentice
Auditors - Mrs. G. Hewitt
Mrs. M.J. O'Neill
Secret Pals - Mrs. Angus Coulter.

HERE and THERE with NORM MAIDENS

Well, here's another week with me scraping the bottom of the barrel to come up with something.

Thanks to the Rev. Andrew Hutchison, I have a little item here. It seems the 'Clergy House' is going to have a fledgling clergyman in residence for the summer. The Blears have taken him in with open arms. The lucky young man's name is Gerald Brodie and he's a 2nd year man at Wycliffe College.

As I understand it, the Clergy House was consecrated at one time, and, unless my 18 year tenure there didn't break the consecration then, to my knowledge there never was a service of deconsecration.

I would be interested if Father Hutchison could come up with some facts and see just where the old place stands. That certainly would be a first for Minden--and an opportunity missed for the Municipality to get in on the ground floor historically.

Ever since the 'kidnapping' of the young kids off McMullen's Lake on the Kilmount Highway things have been pretty quiet down there--How about it Mac--anything coming to life down there?

Several times since the Winter Carnival people have asked me why I have made no mention of it in the column--I seemed to have a loud enough mouth when I was trying to get some lights on so's we could see something of what was going on--the faces for instance of the children skating. What happened that night is all past history--except this, the character I met in the sound booth along with Rev. Hutchison, was, in my opinion no credit to her chosen field nor, if you'll excuse the expression, sex--she comes under the heading of 'unfinished business' usually I don't bother with small people, but, in her case I've decided to make an exception.

Let's have a little look at Bill McDonald's 'bits and pieces'.

Illness is a great thing--at least it gives you something to talk about--I remember one old lady years back sitting along side me in the Doctor's office. She used to read medical examinations that appeared in her magazines, then, she would come up with the symptoms. A great many doctors were making a good living out of her problems. She gave me a rundown of her symptoms etc., etc., and, when she was finished, I gave her my diagnosis based on my several years as a Doctor's support. I told her she couldn't have this disease that you say is destroying you--in the first place, if you did have it, you'd never know it. It causes no pain or suffering. There, you see I was right--those are the symptoms hav'.

Now, if I don't get picked up for practising without a license I'm home free.

Well, I'm afraid that's it for this week. Drive carefully and don't risk your life in a highway accident--it don't matter whether you're in the right or the wrong--when you're dead, you're dead and it don't seem to make any difference to you who's right or wrong.

Stay around anyhow--it's just possible I'll come up with something that might be interesting to you. See you then.

UFO's**BEYOND REASON**

by

PETER G. SWEET

(For some six months now the almost nightly sightings of unidentified flying objects in the skies of Haliburton County have aroused the curiosity of not only area residents but countless Progress readers across North America.

Mr. Sweet has been a student of UFO's and other unexplained phenomena for the past 25 years, gathering both published and unpublished data and attending lectures, ed)

MILITARY ENCOUNTERS WITH UFO's

(THIRD IN A SERIES)

Statistically no corner of the earth has been spared from contact with UFO's. The military of most countries have had their problems.

Early in the second world war it became apparent that bomber crews on long missions were seeing strange lights in the sky. For long periods these lights would follow them and bob and weave in and out of the close flying formation. They became known as 'foo fighters'.

There were also reports of balls of fire the size of grapefruit that travel along the wings of bombers and the fuselages of planes. The two types of phenomenon were never connected but seemed to be of similar nature.

On January 7, 1948, Captain Thomas Mandell, Jr. leading his squadron of P51 Mustangs over Madisonville, Ky., was instructed by his base to try and search out a UFO that had been reported by the people of the area.

Mandell spotted this object and proceeded to chase it. The pursuit lasted for over half an hour. Every time he would get near it, the object would pull ahead of him. At 3.15 p.m. he radioed his base what turned out to be his last transmission. The object was directly ahead and seemed to be travelling about half his speed. He said 'I am closing in on it to get a good look. The thing looks metallic and seems tremendous in size.' The wreckage of his plane covered an area of more than half a mile.

The plane did not burn and it was not radioactive. The left wing had broken off and the watch he was wearing had stopped at 3.18 p.m. The official report of the accident stated that Mandell probably was chasing the planet Venus. Having no oxygen, Mandell lost consciousness, blacked out at 30,000 feet, went into a steep dive and crashed.

Before dawn on the morning of November 4, 1957, two sentries on guard at a Brazilian army fortress, 'Itape' observed in the sky a blazing object descending on them at a fast rate. The men felt an intense heat in the form of a ray. Also, at this moment the entire electrical system of the fortress failed. One of the men died as a consequence of this incident, and the other recovered very slowly.

For ten days in July, 1952, the city of Washington, D.C. was plagued with UFO sightings. These were the most noted North American sightings in the last 20 years. At various times, both day and night, they could be seen by eye and on radar scopes in the Civil Aeronautics Administration's Air Route Traffic Control Centre (ARTC), at National Airport. One night they even appeared over the White House. These objects changed from orange to red and travelled at speeds from 100 to 130 miles an hour, sometimes slower with sudden accelerations. One UFO on radar was tracked at 7,000 miles an hour. Whenever a group of objects were observed, a squadron from a nearby Air Base was sent to chase them and had government orders to shoot them down if they could get close enough. When hearing of this planned action, Albert Einstein wrote to President Harry Truman asking that they not be shot at.

Ufologists later came to the conclusion that these objects were interested in military installations at Andrews Air Force Base and not in the city of Washington.

American forces, fighting in Viet Nam, have also had incidents. Chief of Staff, General George S. Brown, has stated 'UFOs plague us in Viet Nam, once even touching off a fire fight between American and Enemy forces.'

Next week: People Who Shot At UFO's.

Mature youth

Last weekend a handful of Kilmount youngsters demonstrated once again the mature, community awareness of many of today's youth.

These youngsters decided to try and raise funds to provide ambulance service for indigent patients. In less than a week they organized a bike-a-thon and raised \$80 from pledges.

Congratulations kids; if you'd left it to the adults it probably would have taken a good many weeks, plus a variety of committee meetings!

Thanks again for showing us the way.

May 25th

This year, 1974, should be a truly exciting one for everyone connected with Haliburton County. It's our Centennial Year and now that the nice weather is here celebration plans should be getting into high gear.

Upcoming is the County's Centennial Day at Ontario Place, May 25th. We're going there to entertain, not ourselves, but the rest of the world. The 10-hour stage show we'll be presenting must showcase the very best of our local talent and a thoroughly professional production if we are to gain the critical acclaim of an undoubtedly sophisticated audience.

This project needs everyone's support, bar none.

So how about the County getting things rolling by declaring Saturday, May 25th a County-wide public holiday.

RedCross success

From the brink of disaster to success.

That's the story of Minden's recent Red Cross drive, a drive that appeared destined to failure in the closing days of the campaign, then rallied to meet its goal of \$1,400.00.

Well done, Minden.

Misplaced

The Haliburton Highlands Chamber of Commerce certainly earned the plaudits of all with last week's Small Business Seminar held in Haliburton's Legion Hall.

The subjects covered were all pertinent to business today and were, without exception, professionally presented. Some 30 persons were in attendance; not bad, but it could and should have been a great deal better. But of those 30, only two were from Minden, and one of those was a guest speaker! When asked why he did not attend the Wednesday session one Minden entrepreneur responded, "How could I? It was my day off!"

We hope that this lack of participation on the part of Minden's business community does not indicate self-satisfied complacency. It could be misplaced.

DOJARS & GOOD SENSE
by WILLIAM J. MARTIN
Special Consultant to
Auto Financial Services

The current world-wide energy shortages are having far reaching effects on almost every aspect of our daily lives but may soon be felt most in our working lives.

Other nations are trying shorter working weeks to save energy, and many North American businesses have either implemented trial four-day week programs or are about to. Although the savings of plant energy are minimal, the savings of gasoline (and money) by eliminating a day of commuting can be substantial.

Four-day work weeks are generally easier to establish in manufacturing operations than, say, in sales organizations, since such internal plant functions are largely independent of outside time habits. Thus far, most employees who are involved in the shorter work weeks are pleased by the switch.

Recently, the American Marketing Association reported that 66% of more than 1,000 firms surveyed felt that productivity had increased with a four-day schedule although worker fatigue caused by the longer 10-hour days was a concern.

With the energy conservation moves a permanent part of anyone's planning these days, it looks like more and more of us will move into shorter working cycles. This will give us longer weekends which may help bolster the sagging recreation and leisure industries.

4,000 NEW-GRAIN CARS

The Minister responsible for the Canadian Wheat Board, Otto Lang, announced that the federal government has ordered 4,000 hopper cars at a cost of more than \$100 million to help establish a first-class grain-moving operation in Canada.

Mr. Lang said this latest move is in keeping with a commitment made by Prime Minister Trudeau and by Transport Minister Jean Marchand last summer in Calgary at the Western Economic Opportunities Conference.

The federal government will also pay half the cost of repairing 2,400 boxcars to be returned to Western grain service.

FISHING REDUCTION

Canada will ask the Government of the Soviet Union to cut back its fishing operations in the Gulf of Alaska to prevent further depletion of already low halibut stocks.

"The halibut stocks are already in a sorry state," Fisheries Minister Jack Davis said. "The blame lies with the foreign fishing fleets, especially that of the Soviet Union."

Continued concentrated fishing in the area will ad-

versely affect the catches of Canadian fishermen when the season opens May 17.

GALLUP POLL

The latest Gallup Poll conducted at the beginning of March shows both the Liberals and the NDP parties with the same popular support obtained in 1972, while the Progressive Conservatives and other parties are within one percentage point of their election standing.

while the Progressive Conservatives and other parties are within one percentage point of their election standing.

Art display

From now until May 25 some 40 Archie Stouffer Public School entries in the Children's World Art Festival will be on public display in Minden at both the Canadian Imperial Bank of Commerce and the Post Office.

will be sent on display all over the world by the sponsoring body, Canadian Red Cross. The 40 paintings selected are the cream of the Minden crop and area residents are urged to see them before they begin their world-wide tour.

Cancer a Personal Challenge

by
NORM MAIDENS

(TENTH IN A SERIES)

Cancer can be beaten but, you have to not have any fear of the necessary examinations to find out if you have cancer. If the examinations show no cancer, then, you have peace of mind. If it shows cancer, then, you know you have the best opportunity in the world to give yourself a fighting chance. Don't let this fear rob you of your life or cause you unnecessary pain and anxiety. Over half the battle is knowing the truth and make use of every opportunity to beat it—cancer can be beaten—don't allow the fear of the name—Princess Margaret Hospital cost you your life—this hospital, with its dedicated staff is the Gateway to 'LIFE' and don't let anyone tell you otherwise. Visit your local doctor, and, remember the only fear you have is fear itself.

In this last article of the series I have written you, please, once more I ask you, face any fear you might have and you'll have a better chance of beating cancer. Before closing, I'd like to tell you a little about the 'Yellow Ladies' or the volunteer group who work both in the Lodge and the Hospital—they are dedicated and beautiful people—you'll never meet anyone like them. These dedicated and unselfish women are a direct reflection, I feel, of Ruth Hartman Frankel, O.C., whose dream children they are.

Before I tell you any more about the Volunteer group, let me tell you of my impression of Mrs. Hartman Frankel the only way I've seen her is in her portrait which hangs in the main lobby of Princess Margaret Lodge—I'm sure, beautiful as the portrait is and as skilful as the artist has been in painting Mrs. Frankel, it only touches on the strength and beauty you see as you gaze on the picture. A great many times, during my stay in the Lodge when I found things closing in on me I would sit in front of the portrait and draw the strength I needed to carry on from her eyes and the smile that seems to follow you wherever you go in the room. It may never be my fortune to meet Mrs. Frankel, but she'll always be a strengthening memory to me—a great many nights would have been lost to me had her portrait not been there.

It all began in 1949 when Mrs. Frankel had a dream of a group of volunteers through dedication to help out, remove the fear of cancer patients and to help them face the future. There isn't enough time and space for me to tell you how successful the group has become. Mrs. Frankel has been the means of keeping the organization working with the Cancer patients both in the Lodge and the Hospital. This group helps out with the office work, moving patients around, visiting throughout the whole complex with the 'wagon' serving tea, coffee, biscuits, etc. to all who are there. The cheery disposition and dedication of these women, (who work for no pay) just the joy and happiness they get from helping others.

For once in my life I can't find words sufficient to do them justice—but, if you are ever fortunate enough to meet any of these beautiful people, you will see a true love and humanity that you could never know existed before. My personal thanks go out to them especially a Mrs. Toig, whom I came in contact with every time I have visited the Hospital. She has dedicated 28 years of her life to this work and, believe me, she and her co-workers have to be seen in action to be appreciated.

Ladies, please accept my deepest apologies for not being able to do you justice—but your reward is always with you. That's the last of these articles—my main hope is that I have in some small way removed the fear from cancer—believe me, it CAN be beaten.

NOTICE

If you require Building Permits, the issuing office for the Municipality of Anson, Minden and Minden will be open Saturday mornings beginning May 11, with the exception of July 6, from 9:00 a.m. until 12:00 noon.

RICHARD C. SCHELL
BUILDING INSPECTOR
MUNICIPALITY OF ANSON, MINDEN AND MINDEN

HALL'S LAKE NEWS

by Doreen Stinson

Fishermen visited Hall's Lake over the week-end and although the ice is still floating about, some of them went out in their boat. No luck however.

The Munro family who have just built a new cottage were up for the week-end.

A new lantern-type fixture has been presented to St. Stephen's Church in Boshkung by Mr. and Mrs. Norman Ackerman.

The Stanhope Fire Brigade was called out to another fire

at the dump on Saturday. These boys don't waste much time when the signal is given.

Several residents of this area are attending the Hyland Crest Auxiliary meeting Monday evening when Sister Lalamant from London will be the Guest speaker.

Club 35 would welcome Euchre players each Monday evening. Friends are invited—you need not be a member to join in.

Mr. and Mrs. Art Hunt and Mrs. Helen Brown are on a business trip to Toronto.

Mrs. Marge Ferguson has returned from a visit to her sister in Toronto and entertained a few friends and neighbours Saturday evening.

We had a telephone call from New Zealand Saturday evening at 10 PM. It was 3 PM Sunday in Palmerston North and we could hear as well as though it were a local call. I often wonder if we appreciate our telephone service and the joy of hearing a loved-one's voice over the miles!

CENTENNIAL CORNER

FROM THE TOWNSHIP OF GLAMORGAN

On June 30, 1874 the first Council of the United Townships of Glamorgan, Moosmouth and Cardiff met at the home of Samuel Whitaker in Gooderham. Council was comprised of the following members:

Philip Harding, Reeve, Township of Cardiff
John Ennis, Councillor, Township of Cardiff
Robert Ritchie, Councillor, Township of Moosmouth
Samuel Whitaker, Councillor, Township of Glamorgan
Walter R. Kidd, Councillor, Township of Cardiff

The United administration continued until the Township of Cardiff separated in 1879 and the present system of administration began in 1881, when the Township of Glamorgan and the Township of Moosmouth were divided.

The Township of Glamorgan was primarily a lumbering area and the Burnt (or Irondale) River provided the mode of transportation for logs coming, not only from the Township of Glamorgan, but also from the areas to the east. The village of Gooderham, situated on the river, became the main centre with three hotels catering to the lumbering trade. Lumbering remains the main industry in the Township today.

Being both scenic and accessible, the lakes in the Township of Glamorgan have become well developed providing recreation for local residents as well as a great number of people from outside the immediate area. The well-known Haliburton Hockey Haven is situated on the northern boundary of the Township.

The Township Council wishes each and every resident of the County a rewarding Centennial year and extends greeting to all visitors.

TODAY'S HEALTH

Junk foods waste more than money

by David Woods

While consumption of 'real' foods like milk and vegetables is decreasing, Canadians are turning more and more to convenience foods with little or no nutrient value.

Some nutritionists call these junk foods. Recently, there have been calls for a ban on advertising them.

What are junk foods? They're the ones with 'empty' calories — calories that add weight but contribute no nourishment. Among them are: soft drinks, some cereals, most candy and cookies, and gelatin desserts. There are many others.

The only way to find out what's in the food you're buying is to read the label on the package. Ingredients are listed in order of their amount in the food; in the case of most commercial jelly mixes, for example, sugar is listed first because that's mostly what they are.

There are moves afoot, in both Canada and the United States, to list nutrients on food labels.

All of us eat junk foods, partly because they're the most convenient snacks, but also because we don't always know, or care, which items are nutritious. For instance, hamburgers, hot dogs and pizza — often considered nutritionally valueless — are in fact quite good sources of protein and other nutrients.

Similarly, the belief is widespread that chocolate bars and candy can provide a quick energy lift. But nutritionists point out that if you're hungry you need real food — not filler — and that milk or nuts make better snacks.

Other acceptable, nutritious snacks include peanuts, cheese and crackers, muffins, fresh fruit in season or raw vegetables, milk, fruit juices.

The best bet is to snack on non-sugar items such as the above, since sugar precipitates an immediate acid attack on the teeth, leading to decay.

Among the findings of the recent Nutrition Canada survey were that about half of all Canadians are overweight. Since the number of calories consumed by those who are overweight and of normal weight hardly differs, the survey concluded that what causes fatness is lack of fitness — little or no activity.

But another factor is undoubtedly the consumption of empty calories, or junk foods. Teenagers and old people especially are inclined to this eating pattern — the elderly because they don't want to take the time to prepare more nutritious food, and the teenagers because ordering milk puts them out of step with the gang when the rest are drinking soft drinks.

The only answer, says the Ontario Ministry of Health's senior consultant in nutrition, Marilyn Winarski, is knowledge, and a bit of resolve. As she puts it: "Invest in yourself — buy nutrition."

To do this, you'll need to know what's in the food you eat. Next time you're at the soft drink counter or shopping in a supermarket, look at the labels.

And another encouragement to your investment: junk foods are no less expensive than real foods. And they give you precious little except flab in return for your money.

David Woods is a former editor of Canadian Family Physician magazine. He has served on the medical staff of four medical publications, and written for several others in Canada and internationally.

Brass Quartet to visit May 16

On Thursday, May 16th, the Brass Quartet of the Toronto Symphony Orchestra is coming to Haliburton.

The women of Eagle Lake have a personal interest in this quartet, and it is through their efforts that this fine group are coming to the Highlands.

In the afternoon, there will be a concert in the high school, for all the students. Buses will bring Grade 7 and 8 students from Minden.

These concerts have been given in Toronto schools for the past few years. The audience is invited to participate and many youngsters have experienced an awakening interest in these instruments.

The concert in the evening is scheduled for eight o'clock, and it is hoped that many people in the Haliburton Highlands will avail themselves of this opportunity of seeing and hearing this group, representing The Toronto Symphony Orchestra. Please remember, Thursday May 16th, 8 p.m., Haliburton Highlands Secondary School. Sponsored by the Eagle Lake Women's Association.

Report from Parliament

by WILLIAM SCOTT M.P.

Last week the House of Commons set aside the important business of the country to debate a government bill that would establish limits on the number of non-Canadians who can play for teams in the Canadian Football league. The bill will also prohibit teams in any of the American football leagues from locating in Canadian cities. I voted against the bill, as did 91 of my colleagues in the House, mainly because I do not believe that the federal government has any right to interfere in this extent in free enterprise, and especially in the field of professional sports. If this bill becomes law it will set a very dangerous precedent, and will encourage this and future governments to practice discrimination through legislation. The Canadian football league already has a quota system with regard to the number of Canadians and Americans who can play on a team. In this and other matters the C.F.L. has shown that it is capable of managing its own affairs. The government bill placing further restrictions on the number of Americans who can play in Canada smacks of discrimination, and there is a very great danger now that the U.S. government will retaliate against Can-

adians who go to the U.S. to play football and other professional sports. Another reason why I voted against the bill is that government chose to waste the time of the House and its members debating football when there are very serious problems facing the country that have priority. While we were debating football, inflation was climbing at the fastest rate in the history of our country. Food prices alone increased by 18.6 per cent in the year from March 1973 to March 1974, and yet there has not been any indication that the government plans to table legislation to cope with this situation.

During the football debate, the postal workers carried out strikes and slowdowns, in spite of the fact that they were still under a legal and binding contract. The strike escalated into a national postal strike, and cheques to the elderly and veterans, U.I.C. claimants and other important cheques, were either delayed or not delivered at all. People all across the country were placed in jeopardy of hunger and illness, while the House debated football. At the same time, the airlines were cutting back service and laying off employees because of a strike of airport firemen. Between the postal strike and the airline strikes, business and commerce throughout the country suffered needless losses, placing a further strain on the economy and adding to inflation. Another strike, of St. Lawrence river pilots, tied up domestic and foreign shipping on our most vital waterway. In fact, the St. Lawrence is the only waterway in Canada classed as an essential service. Government ministers have begun to leak details of the budget that is due to be tabled in the House on May 6th. It

MINDEN PROGRESS Thurs., May 2, 1974 Page 7 is unethical and un-Parliamentary to leak details of a budget before it is tabled, but it appears that the government wants to satisfy the N.D.P. that the budget will be designed to appease them instead of serving the needs of the country and its people. It is obvious that the government is still more interested in its own survival than it is in solving serious national problems. We in the Official Opposition told the government that football could wait until we had dealt with the problems of inflation, unemployment and crippling strikes. The government said these things could wait until we had settled the issue of football.

Everyone deserves the opportunity to get the best possible education.

This is what Ontario is doing to see that you get your chance.

The government here in Ontario believes that no one should ever be deprived of a higher education simply for lack of money. And, we're doing something about it... through the Ontario Student Assistance Program (OSAP).

OSAP consists of government-financed loans and grants designed to

help qualified Canadian citizens and landed immigrants pay for their higher education. And they are based on need, not on academic achievement. The loans are interest-free until 6 months after graduation and repayments don't begin until then. The grants don't normally have to be repaid at all.

Already, 2 out of 5 students at Ontario universities and community colleges receive some form of financial assistance from OSAP.

If you would like to know what assistance is available, how to apply for it, and how much you may be qualified to receive, contact the Student Awards Officer at the institution of your choice.

The Women's Institute decided to give a Special Prize for Centennial Year to the Public School Students as a Fair Prize.

It was decided to have the members bring donations toward a box of groceries to the May Meeting with the draw being made at the June Meeting.

Mrs. Griffin gave a short talk on the Erland Lee Homestead as we will be visiting it on our Bus Trip on May 29th. She also congratulated Minden on having such a good membership as we had 44 members last year with an average attendance of 22.7 %.

Mrs. P. Clarke was nominated for 2nd Vice-President of the District of Victoria East Women's Institutes.

The May Meeting will be held at Mrs. Kernohan's home on May 15th at 8 p.m.; this is an evening meeting so don't forget the time.

The meeting was then adjourned and a social time was spent over the tea cups.

THE ROBIN'S SONG

This Morn I heard a robin sing
Just at the break of day,
It cheered my waking moments
And seemed to speak to me.

The solo voice was near at hand
So clear, so gay and free
While chorus from a distant bush
Made perfect harmony

In a world where strife and doubt
Chase each other round in fear,
A message of faith and confidence,
Is heard in his notes of cheer.

While he sings, the skies grow brighter
The shadows disappear
God does not seem so far away
Heaven must be near.

As I paused to whisper,
'Thank you'
For this joyous song of cheer

The answer came right back to me,
'You're very welcome dear'.

Eva Miller.

Lutterworth council meets

The regular meeting of Council was held April 9, 1974, all members being present and Reeve Robert Beesley in the chair.

Sergeant T.M. Dube from the Minden Detachment of the Ontario Provincial Police was in attendance to discuss the validity and enforcement of Municipal parking by-laws. It was moved that the minutes of the meetings held on March 12th, March 19th and April 2nd, 1974, be adopted as circulated to all mem-

bers of Council.

Council passed a motion approving the granting of a building permit to Mr. Keith Brodie (Part Lot 28, Concession 3) provided that septic tank approval for the lot is obtained, and that the system is inspected by the health authorities prior to final hook-up.

The following accounts were approved for payment: General - \$677.42; Dumps - \$241.53; Roads - \$1844.82. It was agreed that the Road

Superintendent should proceed to order a survey of the amended routes of the Devil's Lake Road and the Schaeffer's Road.

Council passed a motion to order from Wajax Industries Limited fire fighting equipment as recommended by the Ministry of Natural Resources at a total cost of \$313.25, plus tax.

Council decided to revoke the building permit issued to one W.D. Ecclestone for Part 6, Plan RD-160, and to instruct

him to stop all work on this property due to contraventions of the Restricted Area By-Law and Minor Variance granted. Notice was to be sent by registered mail, as well as being posted on the premises.

It was moved that a building permit be issued to Mr. and Mrs. Sipa for part of Lot 22, Concession 5, upon receipt of septic tank installation approval.

The members of Council agreed that the Clerk should

attend the Zone 5 spring meeting in Peterborough, costs of same to be borne by the Township.

A motion was passed to write off all tax arrears on property Roll Number 04011-000200, which property has vested in the Township.

Council agreed to delete Roll Number 11014000200 as a duplicate assessment.

It was agreed to delete the building assessment from Roll No. 14006002000, the same having been added in

error, and to proceed to add said assessment to Roll No. 14006003800, from which the same had been deleted in error.

The members of Council agreed to adjourn until May 14, 1974, unless called by the Reeve.

Cancer can be beaten.

We asked fishermen what they wanted in an outboard motor. Here's their answer.

We knew it would take an exceptional new motor to replace our classic 9 1/2 hp Sportwin. So, before we designed our new 9.9, we asked fishermen, both sport and commercial, what changes we should make.

We did what we were told.

We kept all the good features of our old Sportwin. The reliability. The fuel economy. The planing power. The steady power at dead slow trolling speeds. And the 8 quick-tilt positions.

We made the new 9.9 leaner and cleaner, and smaller. And we added a lot more to our 9.9. A new water-cooled mid-section. Evinrude prop-hub exhaust. More precise idle speed control. A new Quick-rise ignition system. And a pre-set shallow water drive.

On top of all this, we

came up with a few neat answers of our own. We developed an electric start model with the starting motor under the hood where it ought to be. (For remote fishing trips, you just disconnect the battery and you've got a lightweight manual start outboard.)

So if you're a fisherman who knows what he wants in an outboard motor, see the new Evinrude 9.9 and also the new 15 hp Fastwin (manual & electric).

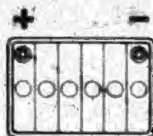

See Evinrude's complete fishing fleet - 2, 4, 6, 9.9 & 15 hp at your dealer's now.

Every Evinrude for '74 is designed to conserve energy by recycling unburnt fuel into additional power.

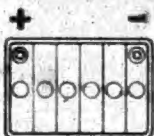

And because every Evinrude is drainless, we're keeping our waters clean too!

HOW TO JUMP A BATTERY

A battery can be safely jumped using the procedures outlined below. Otherwise there is a danger of the battery exploding and spraying sulphuric acid over anyone nearby.

BOOSTER BATTERY

DISCHARGED BATTERY

TO ENGINE BLOCK

1 Place the two cars so the battery cables reach. Make sure the cars are not touching. Shift both cars into neutral or park and set the parking brake. Turn off ignitions and all accessories.

2 Make sure the batteries are the same voltage. (Six volt batteries have three filler vents. 12 volt batteries have six.)

3 Remove filler caps and top up batteries with water, if necessary. Do not try to start a car with a frozen battery.

4 Place a cloth over uncapped vent holes of both batteries.

5 Identify the positive terminal of both batteries. These are colored red, or have a "+" "P" or "pos" written on the battery case, post or clamp.

6 Attach one jumper cable between the two positive terminals.

7 Attach one end of the second jumper cable to the negative terminal of the booster battery and the other end to some part of the engine in the car being started. This final connection should be at least a foot from the battery (to avoid sparks which could cause an explosion) and must be on a piece of metal that is not painted, chrome-plated, heavily rusted or coated with grease.

8 Try to start the car. If it fails to start immediately, start the car holding the booster battery so it will not run down.

9 After the car with the discharged battery is running normally, remove the cable connection at the engine block first, then the other end of the same cable from the booster battery. Remove the second cable by disconnecting at the booster battery first.

*NOTE: If you have an imported car or an older Canadian or American car, it may have a positive ground. (The cable from the positive terminal of the battery will be attached to the car body.) In this case, reverse the jumping procedure, connecting the negative terminals first. Then connect the positive terminal of the booster battery with the engine block of the car with positive ground.

NOTICE

NOTICE of application to The Ontario Municipal Board by the Corporation of the Townships of Anson, Hinton and Minden for approval of a by-law to regulate land use passed pursuant to Section 35 of The Planning Act.

TAKE NOTICE that the Council of the Corporation of the Townships of Anson, Hinton and Minden intends to apply to The Ontario Municipal Board pursuant to the provisions of Section 35 of the Planning Act for approval of By-law 74-14 passed on the 13th day of March, 1974. Provisions of the By-law are furnished herewith.

By-law 74-14 being a By-law to amend By-law 14-67.

WHEREAS authority is granted under Section 35 of The Planning Act, R.S.O. 1970 subject to the approval of the Ontario Municipal Board to the Council of the Corporation of the Townships of Anson, Hinton and Minden to exercise such power.

THEREFORE the Council of the Corporation of the Townships of Anson, Hinton and Minden enacts as follows:

Section 4 - General Provisions -

The following shall be added as Clause 4.14

FRONTAGE OF LOTS

(A) **Public Street** - Except as provided in Section 8 no person shall erect any building or structure in any zone unless the lot upon which such building or structure is to be erected fronts upon an improved public street, and further that such building or structure complies with the setback and all other provisions of this by-law.

(B) **Navigable Waterway** - Where access to any lot is by navigable waterway, no person shall erect any building or structure on a lot unless the lot has frontage upon the navigable waterway. For the purpose of this section, where a marine allowance is in existence, the lot shall be deemed to front on the navigable waterway.

Read a first, second and third time and passed this 13th day of March, 1974.
Signed
Reginald Booth, Reeve
Richard Parisotto, Clerk

ANY PERSON INTERESTED may within fourteen (14) days after the date of this notice, send by registered mail or deliver to the Clerk of the Townships of Anson, Hinton and Minden notice of his objection to approval of said by-law, together with a statement of the grounds of such objection.

ANY PERSON wishing to support the application for approval of the by-law may within fourteen (14) days after the date of this notice send by registered mail or deliver to the clerk of the Townships of Anson, Hinton and Minden, notice of his support of approval of the said by-law together with a request for notice of hearing that may be held giving also the name and address to which such notice should be given.

THE ONTARIO MUNICIPAL BOARD may approve of the said by-law but before doing so, it may appoint a time and place when any objection to the by-law will be considered. Notice of any hearing that may be held will be given only to persons who have filed an objection or notice of support and who have left with or delivered to the Clerk undersigned the address to which notice of hearing is to be sent.

THE LAST DATE FOR FILING OBJECTIONS WILL BE MAY 10TH 1974

DATED at the Townships of Anson, Hinton and Minden this 25th day of April, 1974

PLANT 4,000 TREES

IT WAS A BUSY, BUSY MORNING FOR THESE MINDEN CUBS AND SCOUTS LAST SATURDAY AS THEY PLANTED SOME 4,000 YOUNG TREES AROUND THE MINDEN COMMUNITY CENTRE GROUNDS. THE EAGER YOUNGSTERS PLANTED OVER 1,000 TREES IN THE FIRST ONE-AND-ONE-QUARTER HOURS AND HAD THE ENTIRE BEAUTIFICATION JOB DONE BY NOON. ON HAND TO LEND MORAL SUPPORT WAS THE MINDEN KINSMEN CLUB'S CHUCK WAGON.

Marsh World

Ducks Unlimited (Canada)

ECLIPSE — Each year, following the nesting period, the adults of most species of ducks undergo a moult of their body and flight feathers. They acquire a new, but drab-colored set of feathers which persists for about six weeks, while new flight feathers (tail and wing) grow in. This "eclipse" plumage is then gradually replaced, during fall and early winter, by the bright, showy (in the male) "nuptial" plumage which we commonly observe when the ducks return North the following spring.

ABOUT THE TOWN

with Jeanne Sears

The Mail Strike may now be settled and all our mail will be here by Wednesday as the back-log gets done. Our own Post Office was not closed so we got our bills as usual and we understand Pensioners received their Cheques as usual.

Sincere sympathy to the families and friends of the late Mrs. Hector Hughes and Mrs. Emma Hancock whose funerals were since last week.

We heard that the seven per cent tax has been removed on shoes under \$30 and household cleaners and personal hygiene articles. This should give us all a little saving.

Mr. and Mrs. Charles Stevens spent the weekend with Mr. and Mrs. C. Skelding of Bay Ridge.

Wednesday April 24th was a Lake Ontario Regional Workshop at Belleville and those attending from this County were Heather Gardner, County Librarian, Marilyn Stouffer, County Library Board, and branch librarians Miss L. Male and Sherie Charbonneau of Cardiff, Carol Madill of Dysart and Jeanne Sears of Minden. Several of these ladies joined the Victoria County Librarians on their bus. This Workshop dealt with Childrens Story Time and Puppet Shows and there were demonstrations and fine book display. Guest speaker in the afternoon was Ray Cunningham of Loyola College talking on Community Planning and using some films for demonstration.

All their friends send good wishes to Lionel Rowe, Victor Shaver, Archie Trumbull, Mrs. Lawrence Pritchard, who are confined to bed and to Master Troy Austen who is a patient at Toronto Sick Childrens Hospital.

We took a short walk in the bush on Sunday and note that some flowers are in bloom but the leaves are not in bud as yet, soon will be with our nicer weather.

Mr. and Mrs. Harold Coulter and family visited Mr. and Mrs. George Johnson at Whitney last weekend.

Weekend guests with Mr. and Mrs. W. Moore were Mr. and Mrs. Alan Brydson and family of Bracebridge.

Hint of the week--Need a hot water bottle, use a discarded clean plastic bottle wrapped in a towel, be careful it isn't too hot for little ones.

Mr. and Mrs. Ron Burke and family of Oshawa were weekend guests with her mother Mrs. Allan Taylor.

The U. C. W. had a very successful Boutique and Rummage Sale at the Church Hall last Friday.

Congratulations to Neil Hewitt who was successful in passing his Ontario Board Examinations in Chiropractic.

The Minden Bake Shop will open for the Season May 14th operated by Mr. and Mrs. Robert Kunkel of Sunny Rock. They had a small shop on Main Street last year. They will fill orders and hope to have a variety of cakes and will sell pizzas as Bells did last year.

Last Friday Mr. and Mrs. Ern Hewitt visited Mr. and Mrs. John Gibson at Cannington.

Last Thursday afternoon was the last Mini Card Party at the Parish Hall until October. Plans were made for the Pot Luck Supper, May 1st. Winners were for bridge, Isabel Harrison for cribbage, Joyce Hewitt and Ethel Leigh for euchre, lone hands May Wright and Della Griffin and Alice Clark. Everyone enjoyed a social time and lunch after the game.

Haliburton County Library Board began their visits to Branch libraries with their Regular Meeting at Minden Library Wednesday April 24th with all members in attendance.

Belated Birthday wishes to those residents of Hyland Crest Home having birthdays in April: Elizabeth Harrison, Zilpah Hie, Mary Jane Cooper, Myrtle Pollard and Margaret Austin.

Wouldn't life be lots more happy
If the good that's in us all
Were the only thing about us
That folks bothered to recall?
Wouldn't life be lots more happy
If we praised the good we see?
For there's such a lot of goodness
In the world of you and me!
Wouldn't it be nice to practice
That fine way of thinking too?
You know something good about me,
And I know something good about you?

County Council meets

County Council of the Provisional County of Haliburton met in the Council Chambers at 10.00 a.m. Wednesday, April 17, 1974, with Warden Murray Fearrey in the Chair and all members in attendance.

RESOLUTION NO. 69/74

That the minutes of the meeting of March 20, 1974, be approved as printed and circulated.

Finance Chairman R. Booth reported that the Finance Committee had inspected accounts and supporting invoices and found them all to be in order.

RESOLUTION NO. 70/74

That we approve payment of accounts, per list circulated, in the amount of \$39,542.56, representing cheques numbered 115 to 143 inclusive.

The Clerk read letters as requested from: Hon. Leo Bernier, Minister of Natural Resources, acknowledging County support for Martin Lumber Mill, but indicating intention to maintain present practice of timber tenders to all operators, County of Hastings: Appointments to Committee re. Wolf population, County of Victoria: Appointments to Committee re. Wolf population, County of Bruce: Resolution re. apportionment of charges for railway crossing protection, County of Frontenac: Resolution requesting authority to municipalities re. compensation to farmers for animal kills, A.T.C. McNab, Deputy Minister, M.T.C.: re. Muskoka District Road #1, Gerry Heywood, Group Chairman, 1st Minden Cub Group - "Trees for Canada", Sidney Brown: thanks for book presented in appreciation for drawing contest, Haliburton Highlands Guild of Fine Arts re. donations for scholarships, Mrs. Nila Reynolds: Publicity interviews for "Queen of Yesterday", Ministry of Transportation and Communications: (written to Chamber of Commerce): Tourist Region signs at entrances to Haliburton County to be removed.

RESOLUTION NO. 71/74

That Council concur with the report of the Correspondence Committee as presented.

RESOLUTION NO. 72/74

That the Warden and Clerk be authorized to sign a contract with the appointed Home Physician as provided by Good Management and Enterprises for the Hyland Crest Senior Citizens' Home for a period of one year commencing April 17, 1974.

RESOLUTION NO. 73/74

Be It Resolved that a very strong letter be forwarded to Hon. William Davis regarding a letter dated April 9th, 1974 re. Boundary signs "You are now entering...Tourist Region" with the strong objections of the County to such action stated, and requesting that these signs be continued as at present; and copies of letter be provided for R. Glen Hodgson, M.P.P., R.G. Matthews and R.S. Chapman (Ministry of Transportation and Communications) and to Ministry of Industry and Tourism, Huntsville; and this resolution to be forwarded to the District Municipality of Muskoka and Hastings and Victoria Counties.

RESOLUTION NO. 74/74

That By-law No. 901, having been read a First time, be considered read a Second and Third time, passed, signed and the Corporate Seal attached, being a by-law for the purpose of expropriating property adjoining County Road #2 as required for the reconstruction of County Road #2.

RESOLUTION NO. 75/74

That By-law No. 902, having been read a First time, be considered read a Second and Third time, passed, signed and the Corporate Seal attached, being a by-law for the purpose of authorizing the Warden and Clerk to sign an agreement between the Corporation of the Provisional County of Haliburton and Her Majesty the Queen in the right of the Province of Ontario, as represented by the Minister of Transportation and Communications, to have the Ministry of Transportation and Communications pave County Road #3 at the expense of the County.

RESOLUTION NO. 76/74

That By-law No. 903, having been read a First time, be considered read a Second and Third time, passed, signed and the Corporate Seal attached, being a by-law for the purpose of authorizing and empowering the Warden and Clerk to sign the application forms for patent of Crown Lands and for Licence of Occupation of Crown Lands on County Road #3.

RESOLUTION NO. 77/74

That By-law No. 904, having been read a First time, be considered read a Second and Third time, passed, signed and the Corporate Seal attached, being a by-law for the purpose of confirming By-law No. 74-221 of the Improvement District of Blenheim, to authorize closing the Pedestrian Pathway located between lots 30 and 31, Registered Plan 373, County of Haliburton.

RESOLUTION NO. 78/74

Whereas the Bridge Committee of the County of Peter-

borough met with officials of the Ministry of Transportation and Communications, including Mr. Beckett, Parliamentary Assistant to the Minister, on April 8th, 1974; and WHEREAS the County Engineer for Peterborough County presented a brief to Mr. Beckett requesting the reconstruction of a new bridge at Buckhorn on Highway 507;

THEREFORE BE IT RESOLVED THAT we support the County of Peterborough in its request to have a new bridge constructed at Buckhorn on Highway 507 as soon as possible.

Health Chairman G. Agnew reported on Haliburton Kawartha Pine Ridge District Health Unit, and in particular on the success of the Dental Clinic, provision for Septic Tank and Environment inspections, and on V.O.N. services expected to commence within the next few months.

At 11.30 a.m. fifty Boy Scouts and Wolf Cubs of the First Minden Groups paraded in uniform into the centre of the Council Chamber under the direction of their leaders. Warden Murray Fearrey welcomed the Scouts and Cubs and commended them for their ambitious Centennial project, planting 4,000 trees on April 27th, which would remind them of the County's celebration and this special ceremony to mark the first Centennial undertaking of this nature.

The meeting was adjourned at 12.00 noon for noon recess. County Councillors re-assembled at 2.00 p.m.

Mr. Richard Parisotto, Clerk - Administrator of the Townships of Anson, Hinton and Minden was in attendance with a presentation on behalf of that municipality regarding assumption and operation of the Tourist Information Booth. The proposed agreement between the Municipality of Anson, Hinton and Minden and the Haliburton Highlands Chamber of Commerce, and also the Offer in Purchase the land held in trust by the Provisional County of Haliburton were read by County Clerk W. Alfred Lahay.

RESOLUTION NO. 79/74

That a deed be given to Anson, Hinton and Minden for the Chamber of Commerce property, part of Lot 1, Concession A, Minden, as is, for the sum of \$900.00.

RESOLUTION NO. 80/74

Be It resolved that the Provisional County of Haliburton not become involved in any legal document between Chamber of Commerce and the Municipality of Anson, Hinton and Minden.

Chairman of the Library Board, Roy Brown, gave a report of the Haliburton County Public Library and meeting of the sub-committee to

which he had been appointed.

Centennial Chairman G. Agnew reported on centennial activities and items, including the new badges to be distributed by members of County Council, and Haliburton County Centennial Day at Ontario Place.

Mr. Larry Perrott, Secretary-Manager of the Haliburton Highlands Chamber of Commerce elaborated on arrangements being finalized by members of County Council and the Chamber of

Commerce on the Ontario Place Committee, informing members that bus transportation was being arranged, with tickets to include admittance to Ontario Place, and publicity will be available shortly.

The Warden declared a short recess for discussion about the Information Booth and the proposal by the Townships of Anson, Hinton and Minden.

The April meeting of County Council was adjourned at 4.00 p.m.

PROPER PLANNING IS IMPORTANT TOO. WE'VE THE PLAN TO SATISFY YOU!

WALKER'S PLUMBING AND HEATING MINDEN 286-2405

Love 'em but leave 'em

Ontario's wild flowers are usually at their peak from mid-April to late May. 'Anyone interested in wild flowers' should take time this spring to visit our provincial parks and woodlands,' says Russ Gomme, a horticultural specialist with the Ontario Ministry of Agriculture and Food. 'These locations are ideal to see the plants growing under natural conditions.'

Among those that thrive in our climate are Dogtooth and Sweet Violet, Hepatica, Bloodroot, Lady's Slipper, Trillium, Pitcher Plant, and Lily.

While he admires wild flowers, Man is also their greatest enemy, according to Gomme. 'Thousands of wild flowers are destroyed each year by bulldozers, while unnecessary picking weak-

ens and even kills some species, especially our provincial emblem, the Trillium.

When planted in conditions similar to their natural habitat, these plants make attractive additions to your garden. Early spring is a good time to transplant them. In a shaded area, create soil conditions as close as possible to the natural location. Some nurseries have wild flowers for sale, or you can collect seed, and grow your own. Several books about native plants are available at local libraries or bookstores, providing valuable information on growing and propagating.

Look for our wild flowers this spring, but remember to leave them for others to enjoy.

ONTARIO MUNICIPAL BOARD

IN THE MATTER OF SECTION 35 OF THE PLANNING ACT (R.S.O. 1970, c. 349),

AND

IN THE MATTER OF AN APPLICATION BY THE CORPORATION OF THE TOWNSHIP OF ANSON, HINDON AND MINDEN FOR APPROVAL OF ITS RESTRICTED AREA BY-LAW 73-25

APPOINTMENT FOR HEARING

THE ONTARIO MUNICIPAL BOARD HEREBY APPOINTS MONDAY, THE 27th DAY OF MAY, 1974, AT THE HOUR OF ONE O'CLOCK (LOCAL TIME) IN THE AFTERNOON AT THE COUNCIL CHAMBERS, MUNICIPAL BUILDING, TOWNSHIP OF ANSON, HINDON AND MINDEN (AT MINDEN) FOR THE HEARING OF ALL PARTIES INTERESTED IN SUPPORTING OR OPPOSING THIS APPLICATION

IF YOU DO NOT ATTEND AND ARE NOT REPRESENTED AT THIS HEARING, THE BOARD MAY PROCEED IN YOUR ABSENCE AND YOU WILL NOT BE ENTITLED TO ANY FURTHER NOTICE OF THE PROCEEDINGS.

IN THE EVENT THE DECISION IS RESERVED PERSONS TAKING PART IN THE HEARING MAY REQUEST A COPY OF THE DECISION FROM THE PRESIDING BOARD MEMBER. SUCH DECISION WILL BE MAILED TO YOU WHEN AVAILABLE.

DATED AT TORONTO THIS 27th DAY OF MARCH, 1974.

SECRETARY

NOTE: IT IS THE PURPOSE OF THE BY-LAW TO PROHIBIT THE ERECTION OF ANY DWELLING OR STRUCTURE WITHIN 66 FT. OF THE PRESENT NORMAL HIGH WATER MARK, PRIMARILY IN THE INTERESTS OF PROTECTING THE LAKES AND RIVERS FROM POLLUTANTS. IT IS TO BE NOTED THAT BOAT HOUSES USED TO STORE BOATS BELONGING TO THE PROPERTY OWNER WILL CONTINUE TO BE ALLOWED.

Curried Shrimp Cufondly

- 1 (10-oz.) can condensed cream of vegetable soup
- 3 large or 4 medium eggs
- 1/2 cup fine soft bread crumbs
- 1/2 cup drained canned or cooked shrimps
- 1/2 teaspoon of more, curry powder

Stir soup, eggs, curry powder and bread crumbs until thoroughly blended. Add shrimp and pour into a 4-cup casserole which has been buttered on the bottom. Set in a pan of hot water and bake in a moderate oven of 350°F. for 1 hour or until set and a knife inserted into the middle comes out clean.

Yields 3 large or 4 medium servings

To make 2 servings Use 2 eggs and cut remaining ingredients in half. Bake in a small casserole or individual baking dishes, set in a pan of hot water and bake as directed above for 45 to 50 minutes or until set.

If desired, up to 1 cup of shrimps may be used in the full recipe. If large shrimps are used, cut them in half.

Approve nursing home in principle

BY JOAN FENNELL

On April 2nd, Mrs. Joan Fennell, Chairman of the Haliburton County Social Planning Council, received the following letter from Mr. Claude B. Halpin, Area Planning Co-ordinator, Health Services, Ministry of Health: "I am pleased to inform you that the Nursing Home Review Committee has approved, in principle, the development and licensing of a 50 bed nursing home in Haliburton, subject to review of the plans which are submitted and being accepted by the Ministry in compliance with the Nursing Home Act. Could you please have the builder of the nursing home who was selected by the Haliburton County Social Planning Council submit the plans to Mrs. V. MacDonald, Institutional Standards Branch. As well as providing an urgently needed service for our citizens, it is expected that the nursing home, when operating, will employ 40-50 people. Though much work is yet to be done before the first patient is admitted, the Nursing Home Committee deserves a great deal of credit for the perseverance they have shown, which enabled the Social Planning Council to receive approval so quickly. In November, 1973 the Social Planning Council discussed the urgent need for a nursing home facility in Haliburton County. A Committee was formed at that time to work towards obtaining approval for such a project. On December 13, 1973 five members of the committee met with Mr. Frank Miller, new Minister of Health, who outlined the procedure to be followed by the Committee in order to receive a hearing by the Review Committee. On January 23rd, the Nursing Home Committee met with Mr. Claude Halpin. Mr. Halpin reviewed the research already done and explained what was needed in the way of additional information for the brief to be presented at the next meeting of the Review Committee. On April 2nd, approval in principle was awarded to the Haliburton County Social Planning Council. The Committee is indeed pleased that their goal of 'ap-proval during Centennial Year' has been reached. It is the result of many hours of work, freely given, in research, planning, preparation of briefs and the other numerous duties that were necessary to carry out assigned tasks. During the period of our submissions, we also had the written and moral support of all of the doctors of Haliburton County as well as the Bancroft doctor. A tip of the hat to the Haliburton County Social Planning Council for their concern for their fellow citizens and their willingness to put forth whatever effort is required to encourage the provision of needed facilities. The members of the Nursing Home Committee are: Mrs. Marion Arnfield, Chamber of Commerce, Mr. Roy Brown, Reeve, Dysart et al, Mrs. Elaine Burney, Administrator, Hyland Crest Senior Citizens' Home, Mr. Murray Fearney, Warden, Provisional County of Haliburton, Mr. J. Douglas Hodgson, Director of Education, Haliburton County Board of Education, Mr. H. Glen Hodgson, M.P.P., Victoria-Haliburton, Mrs. Helen Johnson, President, Minden Branch, Canadian Red Cross Society, Mrs. Marion Tallman, Public Health Nurse, Haliburton/Kawartha Pine Ridge Health Unit, Mr. Wayne Wood, Clerk-Administrator, Dysart et al, Mrs. Joan Fennell, Chairman of the Committee and Chairman Haliburton County Social Planning Council.

The first seven days in May is traditionally Child Safety Week. The Canada Safety Council asks householders to check the contents of 'child-accessible' cabinets and cupboards. Forty children died in Canada in 1972 due to accidental poisonings. The tragedy involves not only the forty young lives snuffed out, but also the number of people who will blame themselves for ever after for not seeing that toxic substances were placed out of reach. This can be just as important in a home a child visits as one in which a child lives. Here are some of the items to watch out for, starting in the basement or garage: household - used cans of paint, insecticides, rat poison, turpentine, weed killer, cleaning solvents and fertilizer. Your kitchen might contain some or all of these useful but sometimes deadly products: see that they are kept in a cupboard with a child-proof latch: lighter fluid, furniture or floor polish, lye, polish stripper, drain cleaners, bleach and detergents. Also see that aspirin and medicines are not left in that handy spot on top of the refrigerator. Children can be silent while doing something they should not do; silence upstairs might mean a child has found one of the following in the medicine cabinet: pills, medicine, sedatives, laxatives, antiseptics, nail polish remover, etc. Manufacturers can design good bottles or caps. Governments can insist on label warnings, but only you can keep things out of children's reach in your own home.

Canada aids Tanzania mining development

Canada is providing Tanzania with a \$1.5 million grant to help it develop its mining industry. The Secretary of State for External Affairs, the Honourable Mitchell Sharp, has announced.

Grant funds, which will be administered by the Canadian International Development Agency, will support a variety of activities in the mining sector.

A major contribution will be the provision of senior Canadian mining officials to fill top posts with Tanzania's State Mining Corporation. The corporation was formed last year to regulate and coordinate the mining industry and to operate mineral resource-based companies. Tanzanian mining officials will be trained in Canada over the next five years to replace the Canadians.

Canadians also will assist the mining corporation in reviewing Tanzania's mining legislation, and in conducting studies on mineral deposits, the expansion of existing mines and the establishment of new mines.

To assist in mineral exploration, Canada is providing three diamond drilling rigs and three master drillers to train Tanzanians to operate them.

TENDERS FOR MAIL CONTRACT

LINDSAY & HALIBURTON HIGHWAY SERVICE

The Canada Post Office is inviting tenders for the transportation of mails between Lindsay and Haliburton, Ontario.

Full details as to contract specifications, schedule of service, tender forms, etc., may be obtained from the Postmasters at: Lindsay, Dunsford, Bobcaygeon, Feneelon Falls, Burnt River, Kilmount, Minden, Irondale, Gooderham, Haliburton, or from:

BIKATHON

THESE NINE KINMOUNT YOUNGSTERS FORCIBLY DEMONSTRATED LAST WEEKEND THAT COMMUNITY AWARENESS IS NOT THE SOLE PREROGATIVE OF OUR ADULT POPULATION. DECIDING THAT MONEY SHOULD BE RAISED TO UNDERWRITE AMBULANCE SERVICE FOR INDIGENT PATIENTS, THEY ORGANIZED AND CARRIED OFF A 14-MILE 'BIKATHON' IN ONLY ONE WEEK'S TIME THAT RAISED SOME \$80 IN PLEDGES. AGE 10 TO 14, THE THREE BOYS AND FOUR GIRLS PEDALLED FROM THE JUNCTION OF HIGHWAYS 519 AND 121 TO MINDEN AND RETURN, THEN DONATED THE FUNDS RAISED TO THE MINDEN RED CROSS. FROM LEFT TO RIGHT (ABOVE): GEORGINA ANDERSON, 10, JEAN HOWE, 12, COREY SHEPSTONE, 13, ROBBIE PEACOCK, 10, ELAINE ANDERSON, 13, FRANK ANDERSON, 14 AND VALERIE ANDERSON, 11.

Council meets

ANSON, HINDON AND MINDEN

The Seventh Meeting of the Council of the Townships of Anson, Hindon and Minden was held in the Council Chambers, Municipal Building on Wednesday, April 10, 1974 commencing at 9:00 A.M. and adjourning at 5:30 P.M.

Reeve Reg. Booth in the Chair.
Deputy Reeve Doug Pritchard, Councillors S. Brandon, A. Coneybeare and R. Gorrie.

Richard Parisotto, Clerk Administrator, J. Earl Hewitt, Roads Superintendent, Richard Schell, By-law Officer.

74-83 D. Pritchard A. Coneybeare: That the minutes of the meeting of March 27th, 1974 be approved. Carried.

Letter was received from Mr. R. Barnes claiming costs for water damage. The claim was held pending a report on the septic tank system.
Mr. Frank Vavra was present requesting construction of a road extension on the Blairhampton Road. Mr. Vavra was advised that the expense of such a road would belong to the applicant who requested it.
Mr. Bill O'Brien was present requesting the installation of a temporary water-line this year in a location to be serviced by a line extension now before the Ministry of the Environment for approval.

74-84 R. Gorrie-A. Coneybeare: That the Clerk Administrator and By-law Officer be authorized to prepare an agreement relative to the installation of a temporary water service. Carried.

Report was received from the Clerk Administrator relative to the negotiations concerning the transfer of jurisdiction of the Minden Information Booth on Highway 835.

74-85 R. Gorrie-D. Pritchard: That the agreement, offer to purchase and presentation recommended by the Clerk Administrator relative to the transfer of the Minden Information Booth be approved. Carried.
Mr. Bob Baker of Totten, Sims, Hubicki was present to review the proposed water line extensions and stand pipe report.

74-86 R. Gorrie Shirley Brandon: That the Ministry of the Environment be requested to undertake the financing of the proposed waterworks programme #0-0081-81 pursuant to the preliminary report of Totten, Sims, Hubicki Associates Limited dated December, 1972 and including the additional works outlined in the letter dated March 19, 1974 from P.C. Ebeles, P. Eng. as amended and discussed with Mr. R. Baker, P. Eng. on this date. Carried.

74-87 A. Coneybeare-R. Pritchard: That a severance fee of \$25.00 per lot created be imposed to cover costs of processing with a minimum fee of \$50.00 per severance application. Carried.

74-88 R. Gorrie A. Coneybeare: That the Clerk prepare the necessary documents and by-laws relative to the proposed closing of part of the concession road allowance between lots 5 & 6, Concession A, Minden Township. Carried.

74-89 A. Coneybeare-R. Gorrie: That a budget allotment of \$9,300 be approved for the recreation and community centre programmes for 1974 as amended by Council. Carried.

74-90 R. Gorrie-D. Pritchard: That we request the rental of the Power Grader from the Ministry of Transportation and Communications for 1974. Carried.

74-91 S. Brandon-R. Gorrie: That the Accounts be approved in the following amounts: General \$27,361.37, Water \$,080.59. Carried.

74-92 A. Coneybeare: That Shirley Brandon be appointed as Chairman of the Centennial Ball to be held on June 14, 1974. Carried.

74-94 R. Gorrie D. Pritchard: That we accept the offer of Mr. E. Robertson relative to

the removal of timber from Municipal property in Lot 19, Concession 1, Township of Minden. Carried.

74-95 D. Pritchard-R. Gorrie: That By-law 74-16 having been read a first time, be considered as read a second and third time and passed. Being a by-law to authorize the Reeve and Clerk to execute an agreement with the Ministry of Government Services relative to a lease for administration of justice purposes. Carried.

74-96 R. Gorrie-S. Brandon: That By-law 74-17 having been read a first time be considered as read a second and third time and passed. Being a by-law to authorize the Reeve and Clerk to execute an agreement with the Haliburton Highlands Chamber of Commerce Inc. relative to the Minden Information Booth. Carried.
74-97 R. Gorrie-A. Coneybeare: That we do now adjourn. Time 5:30 P.M. Carried.

NOTICE

THE MINISTRY OF TRANSPORTATION AND COMMUNICATIONS, TORONTO, REPORTS THAT THE UNSETTLED CONDITIONS OF THE MAIL SERVICE HAS MADE IT IMPOSSIBLE FOR PEOPLE TO MAIL IN APPLICATIONS, AND FOR THE MINISTRY TO RETURN THE RENEWED LICENSE.

REGULATIONS TO COVER THIS EMERGENCY SITUATION HAVE BEEN PASSED BY ORDER IN COUNCIL TO EXTEND THE VALIDITY OF THOSE EXPIRED DRIVERS LICENSES WHICH CANNOT BE RENEWED DURING THE MAIL STOPPAGE. THE EXTENSION WILL APPLY TO LICENSES THAT EXPIRE BETWEEN APRIL 15 AND MAY 30 INCLUSIVE. ALL ONTARIO DRIVERS LICENSES ARE ISSUED BY MAIL AND DRIVERS ARE URGED TO SEND IN THEIR RENEWAL APPLICATION AS SOON AS POSSIBLE AFTER THE POST OFFICE OPERATION IS BACK TO NORMAL.

SPORTS by Cliff Burke

SKILL SCHOOL

On Sunday, the O.A.S.A. held a Softball Skill School in Minden at the Fairgrounds.

In Haliburton County (Minden, Haliburton, Irondale, West Gullford, etc.) there are some 275 players, coaches, and managers, from Squirt to Senior. Of these FOURTEEN, '14', XIV, made it a point to take in this FREE softball clinic. That leaves approximately 260 players, etc., in this county, who apparently know everything there is to know about softball, who didn't show up.

This town is in the process of building a new Softball field, which is going to cost upwards of \$5,000 and there are only ten people who seem interested in the game. The people who put on the Skill School Sunday must have taken home some impression of this County.

I'd like to take this opportunity of thanking O.A.S.A. Vice-President Vin Walker and Ron Taylor, pitcher for R.H. Cabinets in Oshawa, for giving the boys who did show up some excellent tips on batting and pitching. I even picked up a couple of new tips myself, and I've been playing ball a Hell of a long time.

SOFTBALL

The Stedman Raiders will hold their first softball practice of the year this coming Sunday, May 5th at 12 noon. All players interested in playing for the Raiders this year are asked to attend. The Raiders will be coached by Tom Bole and Neil Burk.

The Dominion Hotel Shufflers will be holding their first practice next week also, Tuesday, May 7th at 6:30 p.m. All interested in playing for the Shufflers are asked to turn out. Gene Newell and Jack Snell are handling the coaching chores this year.

HOCKEY

I made an error last week in the scoring of the Minden-Coboconk hockey game played in the C.W. Hodgson Memorial Bantam hockey tournament. Instead of Perry Kim scoring the third goal in this 4-3 win for Coboconk, it should go to Brian Shaw. Sorry Brian.

Help get these people into trouble.

We seek trouble wherever it occurs. Wherever people need us. Down in Skid Row. In the prisons. Amongst the elderly, the destitute and the downtrodden. Wherever we can offer our Christian help.

Sometimes, it isn't pleasant. But it must be done. And we need your help to do it. Money. Donations to the Red Shield Appeal.

Your gifts get us into trouble. And they help get a lot of people out of trouble.

If you don't need our help we need yours

A canvasser will be in Minden, at your door, from May 6 - 9. Please give generously.

Handing is a strange thing. The more you give, the more you have. You've got it, you've lost it.

Council Meets

ANSON, HINDON AND MINDEN

The Eighth Meeting of the Council of the Townships of Anson, Hindon & Minden was held Wednesday, April 24, 1974 in the Council Chambers of the Municipal Bldg. and commenced at 9.00 a.m. Reeve Reg Booth in the Chair. Present: Deputy-Reeve Doug Pritchard, Councillors S. Brandon, A. Coneybeare, R. Gorrie, Richard Parisotto Clerk-Administrator, J. Earl Hewitt, Road Superintendent, Richard Schell, By-law Officer.

Moved by D. Pritchard-A. Coneybeare: that the minutes of the meeting of Apr. 30, 1974 be approved. Carried.

Mr. S. Weiss was present regarding a proposed severance of parts of his lands. The matter was deferred

for a legal opinion.

Mrs. Irene Moore was present on behalf of the Women's Institute of Minden regarding a centennial project. In passing the following resolution it was agreed that the project would be a joint sponsorship between the Municipality and the Institute. Moved by A. Coneybeare-D. Pritchard: that Council allocate \$250.00 in the form of a grant to the Minden Women's Institute to aid in their centennial project. Carried.

Mr. Sinclair Nesbitt, Vice-President of the Minden Agricultural Society was present regarding the development of the racetrack in Minden Park and the Fair Grounds. Council offered its total co-operation with the proposal outlined by Mr. Ne-

sbit and directed the Clerk to accommodate the project. Moved by S. Brandon-A. Coneybeare: that the representative of the Bisset Estate be advised to put a plan of Sub-division on property on Lot 13, Concession 11, Minden Township. Carried.

Letter was received from the County regarding a proposal speed limit on Kashagwigamog Lake Road.

Moved by R. Gorrie-S. Brandon: that this Municipality would have no objection to the establishment of a 35 m.p.h. speed limit for the whole Kashagwigamog Lake Road. Carried.

Moved by R. Gorrie-A. Coneybeare: that the tender for 100,000 gallons on non-asphaltic oil, applied to ro-

ads be awarded to Ace Oil Services, being the lowest tender received subject to approval of the Ministry of Transportation and Communications. Carried.

Moved by D. Pritchard-R. Gorrie: that the tender for calcium chloride be awarded to Ken W. Morris Ltd. for 60 tons flake and 60 tons (equivalent) liquid calcium at the following prices.

flake-\$74 per ton
liquid-\$65 per ton
Being the lowest tender received and subject to the approval of the Ministry of Transportation and Communications. Carried.

Moved by R. Gorrie-D. Pritchard: that two additional trash containers be purchased.

Carried. Moved by D. Pritchard-S. Brandon: that the application for Youth in Action Grant, as submitted be approved. Carried.

Moved by D. Pritchard-R. Gorrie: that the policy statement relative to the information booth located on Highway #35 be forwarded to the County of Haliburton and the Chamber of Commerce. Carried.

Moved by A. Coneybeare-S. Brandon: that the new hours of operation for the public washrooms be as follows: Monday-Tuesday-Wednesday-Thursday and Saturday 9 a.m. - 6 p.m.

Friday only 9 a.m. - 9 p.m.
Sunday only 12 noon - 6 p.m.
Carried.

Moved by D. Pritchard-S. Brandon: that the Clerk to be in charge of Landscaping and steps on Municipal Area Grounds. Carried.

Moved by A. Coneybeare-S. Brandon: be it resolved that a letter be forwarded to Mr. Lloyd Johnson expressing the appreciation of the Municipality for his services in teaching the St. John First Aid Course during the past seven weeks and that a cheque be enclosed for \$75.00 as a token of our good will. Carried.

Moved by R. Gorrie-D. Pritchard: that we do now adjourn. Time 4.40 p.m. Carried.

IN MEMORIAM

WARBURTON

In loving memory of Donna Lynn, who passed away April 29, 1965.

Sad was the parting, no one can tell. So sudden on earth the sorrow fell. The blow was hard, the shock severe. To part with one we loved so dear. Dearest still as years depart. Her memory lives within our hearts.

Ever remembered by Mom and Dad.

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

The pose is indicative of Freddy's personality for he's a quiet lad, inclined to daydream. Handsome Freddy is five, Anglo-Saxon in descent. He is slightly built and small-boned with beautiful dark eyes, brown hair and fair skin. He is in good health except for being subject to colds.

Freddy would rather play by himself than with other children but enjoys adult company. He likes water, stars, colors and machinery — especially cranes and bulldozers. Though often inattentive in kindergarten, he is observant about such things as the color of eyes, hair, clothes and traffic lights.

Freddy's teacher says he is apparently average in intelligence but doesn't seem interested in what is going on in school. He has tremendous curiosity outside school and he likes books, especially if somebody will read him a story. He enjoys drawing, painting and coloring.

Even outdoors, Freddy is quite happy with his own company. This engaging boy will be a fine son for parents with much understanding who can love him without expecting instant love in return.

To inquire about adopting Freddy, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.
